Maria - in response to the request that you left with Claire Carcich last week re sampling in your summer venues, please note the e-mail below. Nothing has changed since my last message. Falmouth and Oak Bluffs are definitely out. A smoking and sampling ban is still pending before all the Cap Cod community boards of health mentioned below. I'll let you know if anything changes.

Update from the Tobacco Institute. I have received a copy of the proposed regulation by the Cape Cod Regional Tobacco Control Program, which consists of 17 Boards of Health. The 17 communities involved are: Barnstable, Bourne, Brewster, Chatham, Dennis, Eastham, Falmouth, Harwich, Mashpee, Nantucket, Orleans, Provincetown, Sandwich, Truro, Wareham, Wellfleet and Yarmouth. As you can see, 9 out of the 17 communities are on your proposed list. Another issue is whether towns such as S. Yarmouth and W. Yarmouth share a Board of Health with Yarmouth, in which case, they might be covered as well. The regulation proposes to: Prohibit smoking in all public areas (which include restaurants, bars and lounges) as of July 1995 and ban sampling anywhere in the town. There is no mention of couponing. There is no indication as to when the regulation would take effect. I'll keep you posted of any further developments.

TO BE SAFE, I THINK WE'LL PUT TOGETHER TWO PROPOSED PLANS. ONE WITH THE CAPE INCLUDED AND ONE WITHOUT. WE WON'T COMPLETE THE DEAL UNTIL NEXT YEAR. THEREFORE, WE WOULD HAVE SOME FLEXIBILITY JUST IN CASE SOMETHING COMES UP SOON THAT PROHIBITS OUR INVOLVEMENT.

WE WILL SHARE WITH YOU AND GINNY ANY AND ALL PROPOSED PLANS BEFORE THEY HAVE BEEN FULLY NEGOTIATED.

THANKS FOR YOUR CONTINUED GUIDANCE.
